

To whom it may concern:

I am pleased and honored to offer this letter of recommendation for Teresa Rambold. I am a workshop leader and life coach who facilitates seminars and trainings mainly in Asia and Canada. I first met Teresa when she attended my workshop in Vancouver in 2009, and was immediately impressed, even spellbound, by her level of passion, commitment to Truth, and depth of spiritual and worldly wisdom. My wife and I met her again when the three of us were attending a retreat in Santa Cruz. There I discovered her excellent communication and oratory skills as well as her wonderful musical talents. Since then, Teresa has helped to sponsor and promote two of my workshops in Calgary, where she also led the groups in profoundly beautiful meditations. She has enriched my life on both a personal and professional level.

Even before she created her company, TaOe, Teresa had already been dedicating years of her life to teaching and guiding people to an individual experience of spiritual awakening. Directed by her own inner authority, she has been inspired to create and lead events that provided supportive environments for people to explore their true nature, purpose, and mission. I am amazed by her confidence, leadership qualities, sense of personal and global responsibility, and emotional maturity, all of which she expresses with an irresistible lightness of being. Without reservation, I would happily recommend her for any position of leadership and teaching.

Sincerely,

A handwritten signature in black ink that reads "C. Moon". The signature is fluid and cursive, with the first name "C." and the last name "Moon" clearly visible.

Christopher Moon
